According to state law, each person admitted to a teacher education program in Connecticut shall take the Praxis® Core Academic Skills for Educators tests in reading, writing, and mathematics OR meet the requirements for a waiver.

How do I know if I am eligible for a waiver?

<table>
<thead>
<tr>
<th>SAT Waiver</th>
<th>ACT Waiver</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Available for applicants who:</strong> Have a combined score of <strong>1100</strong> on the mathematics and critical reading sections, with neither subtest score below 450 Points. (Note: writing section is NOT included)</td>
<td><strong>Available for applicants who:</strong> Score no less than <strong>22</strong> on the English subtest and no less than <strong>19</strong> on the mathematics subtest</td>
</tr>
</tbody>
</table>

Current UConn students: To see if you qualify for the waiver, look at your ACT or SAT scores in High School Summary in the Student Administration system: [https://studentadmin.uconn.edu/help/students/high-school-summary/](https://studentadmin.uconn.edu/help/students/high-school-summary/). If you qualify for the waiver AND your scores appear in PeopleSoft, you do not have to request test scores.

If you qualify for the waiver and are or were a transfer student and did not submit ACT or SAT scores to UConn when you applied, you MUST request official ACT or SAT scores and have them sent to UConn (SAT recipient code 3915; ACT recipient code 0604) by August 1 (prior to entering the teaching program in the junior year).

SAT Test Score Request: [https://collegereadiness.collegeboard.org/sat/scores/sending-scores](https://collegereadiness.collegeboard.org/sat/scores/sending-scores)

I do not qualify for a waiver, now what?

Create an account at [www.ets.org/praxis](http://www.ets.org/praxis). Register to take the computer-delivered Praxis Core (see information on next page). **Students need to submit test scores by August 1 (prior to entering the teaching program in the junior year).**

### Praxis® Core

- Can take one, two, or all three at once
  - Reading: 88 minutes; 56 selected-response questions based on reading passages & statements
  - Writing: 100 minutes; 40 selected-response questions and two essay questions
  - Math: 85 minutes; 56 selected-response and numeric entry questions (on-screen calculator available)

### When & Where

- Dates: Offered year-round by appointment (Monday - Saturday)
- Locations: Glastonbury (860-633-7236); Hamden (203-287-9677); Litchfield (860-567-0863); Norwalk (203-847-0031)

### Test Numbers & Passing Scores

- Minimum passing standards set by CSDE. However, students do not need to achieve the passing score in order to enter the teaching program. The IB/M program will use the scores diagnostically to determine if students need remediation in any area.

### Fees

1 test: $90; 3 tests: $150
Fee Waiver

Fee waivers may be available for students with demonstrated need that meet the criteria. See ETS website for more information: https://www.ets.org/praxis/about/fees/fee_waivers/.

Score Report Receipt

Score reports are available via your online account. You will receive an email when scores have been posted. Reading or math score results available 10-12 days after testing window closes. Writing scores available 15-17 business days after testing window closes.

Retest

Students do not need to retake the test(s) since passing scores are not needed to enter the program.

Registration

Praxis® registration information, including test sites and dates, is available online: https://www.ets.org/praxis/ct/. Please follow the steps outlined below to register:

- Log into your Praxis account
- Select the "Register for a Praxis test link"
- Select the "I Agree" button
- Select the "Continue" button after confirming your personal information
- Select the "EPP Test Requirements" button to view a full list of Praxis tests. The Core Reading, Writing, Mathematics and Combined tests will be available in this list.

Student tips and practice tests are available on the ETS website. It is suggested that students familiarize themselves with the test prior to taking it. Call 1-800-772-9476 for questions.

Recipient Code

Include the University of Connecticut as a score recipient: Code 3915.

*If you did not include UConn as a score recipient, you MUST contact ETS and have them send UConn a score report.

Praxis® Core Information

Praxis® Core Academic Skills for Educators (Core) tests measure academic skills in reading, writing and mathematics. These tests were designed to provide comprehensive assessments that measure the skills and content knowledge of candidates entering teacher preparation programs.

- **Praxis® Core Academic Skills for Educators: Reading** - The Core Reading test includes sets of questions that require the integration and analysis of multiple documents, as well as some alternate response types, e.g., select-in-passage. See http://www.ets.org/praxis/prepare/materials/5712

- **Praxis® Core Academic Skills for Educators: Writing** - The Core Writing test assesses both argumentative writing and informative/explanatory writing, and will contain one writing task for each writing type. In addition, multiple-choice questions will be added to address the importance of research strategies and assess strategies for revising and improving text. See http://www.ets.org/praxis/prepare/materials/5722

- **Praxis® Core Academic Skills for Educators: Mathematics** - The Core Mathematics test includes numeric entry and multiple choice questions, and will also offer an on-screen calculator to help ensure that questions are testing mathematical reasoning by reducing the chance that a candidate’s wrong response comes from a simple arithmetic error. See http://www.ets.org/praxis/prepare/materials/5732
